## Women's Institutes Hold Annual Conference Here

With a smaller registration than usual of 65 members and delegates, the Women's Institutes of the Didsbury Constituency held its conference in the Knox United Church on Saturday, June 18th.

Mrs. A. L. Hogg convened the days program assisted by the secretary Mrs. Waldriff and honored guest was director of district 5, Mrs. J. R. Tait of Hanna.

In the address of welcome, given by Mrs. Robertson of Jackson W.I. an excerpt from the Henry Tory Citation to Women's Institutes, was used, with Mrs. T. Morgan of Mt. Vied giving the reply.

Secretaries of ten Institutes, Westcott, Jackson, Westcott Jr., Bancroft, Lone Pine, Mountain View, Ruby, Zella and Didsbury gave reports on memberships, meetings and financial status. The Social Service report given by Mrs. Owen Milne covered the social work done by the branches with cancer collections leading the list. Considerable Red Cross sewing had been done with usual donations to the A.W.I. fund, Arthritis, and barley for Korea beside local aid. A generous response was given the appeal by Dr. Hitchmanova for towels and face clothes for Korea.

With the joint effort of 11 branches of the yearly project of \$150 for the Senior Citizens Home was reached and was again voted this year's project.

In the Stanley Committee, convenors reported a wide scope of interesting topics and articles had been studied. Mrs. W. Stiles reported for Agriculture and Canadian Industry; Mrs. Ross, Youngs for Education; Mrs. G. Ford for Home Economics; Mrs. H. Christensen for Handicraft; Mrs. A. Blain for Citizenship; Mrs. P. Hauser for Health and Mrs. J. Robertson for United Nations.

The secretaries of the four Girls' Clubs reported that the Lone Pine, Orange, Blue Bells and the newly formed Mountain View Jolly Juniors. It is with regret we learned the Rugby Blue Bells were disbanded. These clubs enjoy various aspects of Handicraft, had made gate signs, much in evidence now on farmer's gate posts and send delegates to the Girl Club Week held at the O.S.A.

It was found that Handicraft competition produced three firsts for Westcott. Melvin and Wanda had received silver dishes in previous years. Jackson was granted the silver dish with the delegate, Mrs. Hildebrandt, the recipient of the presentation by Mrs. H. Christensen. Melvin and Westcott will each receive a gavel.

Mrs. J. R. Tait in her address urged more church work and spoke of the UNESCO gift coupon to equip a village in Ceylon, casting ap-

Our call was answered by "Ho, to improve our handicraft tea." Westcott W.I. and District tied for first place, each with 123 points.

Westcott W.I. won three prizes in Edmonton at the convention held recently. A first on embroidery pillow slaps, a 2nd in crochet insets on linen and congratulations to Mrs. Cliff Eckstrand who won third prize in the Salada tea contest for colored embroidered tea cloths. This prize was her \$15. She also won \$5 for this tea cloth in the craft competition.

There are 642 children of all ages at this school. Westcott W.I. donated \$1.00 to this school to buy a few candy bars for children who have no parents. If any of the other institutes have a little spare cash it would be a wonderful place to spend it.

Mrs. Ed Klinck gave as her handicraft topic a demonstration in "how to make crepe paper carnations."

A very pleasant day came to a close with lunch being served.

The July meeting will be a day at Farm Women's Week in Olds, pot luck lunch at noon.

During the past few weeks the post has been bolling as far as the coming election is concerned and in our opinion it is a good sign that the majority of people in the province are taking more interest in the coming election than they have done in many a year.

The other day, there are two Ben Browns of Acme and Lawrence Owens of Cartairs, have enjoyed space in this issue, giving what they believe to be the pertinent factors by which the voter should gauge your opinion on election day.

We do know that we will vote for the candidate of our choice. We sincerely hope that you will exercise the same privilege.

Since our last issue a surprise nomination was made — Mr. Tom Morris, Independent Social Credit. On the cut-off date, Friday June 17, this nomination was withdrawn.

The following is a personal interview we had with Mr. Morris Tuesday morning:

"I withdrew my nomination as time was short and I felt that it did not have a chance of success. I am supporting the candidate of the Social Credit party, Mr. J. L. Owens, if we hope to hold the seat for the Social Credit party." Mr. Morris' only other comment was: "to support the Manning government be sure to vote for Mr. Owens."

### BEST ATTAINABLE IMAGE FROM DOCUMENT AVAILABLE

On Monday, June 27th, the mobile team of the Red Cross Blood Transfusion Unit will be holding a clinic at the Evangelical church in Didsbury, from 12:30 p.m. to 3:30 p.m. on its semi-annual quest for blood.

Every week fresh supplies of blood are needed by the Red Cross for Alberta hospitals and it is very important that sufficient be available at all times.

Most of us in Alberta know of someone among our family or friends who at some time have received blood from the Red Cross.

This blood is made available by the goodwill of a voluntary donor who took the time and effort to attend a clinic and give a donation; these good people are the life blood of the service.

The blood transfusion service is reaching the season of the year that is the most difficult to collect; our summer is short, and there are so many calls on everyone's time.

Didsbury has been asked to supply 150 pints of blood at this time — and many more could be taken!!!

What one man can do on the farm in work output has been increased many times by the developments in power farming equipment in recent years.

Tractors and implements now available give control over the work the year 'round and on more and more farms there is less and less need to employ hard-to-get and high-cost farm labour.

Mechanization has meant more to the farm than relief from drudgery and freedom from heavy burdensome physical toil. Mechanization has brought a new concept

of farming and has given agriculture the greatest lift in years. And mechanization has contributed greatly to the more wide-spread sharing in higher standards of living.

In the advancement of their operations through mechanization farmers have found in Massey-Harris and Ferguson tractors and machines time and labour saving advantages that help them do their work easily, quickly and more profitably. Your local dealer will be glad to tell you about the latest developments.

## Letter To The Editor

Editor of the Pioneer,  
Dear Sir:

In your issue of June 15 under your masthead and in the editorial section of your paper an editorial entitled, "The Three R's" appears. Since I am not a subscriber to your paper this was pointed out to me by several friends. I noticed that it has been taken from the Calgary Herald but since it occupies the place of your editorial I assume that it reflects the policy of your paper.

If modern education is what you claim it to be really useful, then

that you try scientific methods to determine the accuracy of your beliefs.

To one of your educational attainments, one who offers expert criticism in the field of education, the examination in Grade Nine, the final year of Junior High School, should present no problems.

I hereby ask you to appear

on Wednesday, June 22 at the Didsbury School to take writing the

Grade Nine Examinations in Literature, Social Studies, Science, Language, and Mathematics. If Grade

Nine seems to be too immature for

your ability I request you to appear

at the same time to begin the Grade

Twelve examinations in English, Language, Literature, Science 32, Social Studies 30, French 30, Mathematics 30, Science 30 and 31. If

you prefer instead of French you

may write either Latin 30 or German 30.

Now—if you receive the highest mark in Grade Nine I will pay you fifty dollars, secured by a like fifty dollars wagered by you.

If you win if you write the Grade Nine examination that you will not even secure a passing average, then

wager for one hundred dollars, double when the results are known in August. I can make the necessary arrangements with the Department of Education to have either you Grade Nine or Grade XII paper marked in Edmonton in exactly the same way as all others are marked.

The results of this scientific test should have considerable value to editors and school authorities in this province and to further this research I am willing to risk the above stated amounts.

I am also wagering that you will not print this letter in your paper. If this letter appears in its entirety in your paper you will already have earned fifty dollars. Do you want to try for fifty or do you want to try for a hundred?

Mr. Editor, you are called. What have you got?

Sincerely,

E. T. Wiggins, Principal

Editor's Note: The above letter is reprinted in its entirety, as requested by the writer. We feel we should reply to this communication from start to finish:

Para. 1: As has been mentioned, "The Three R's" did appear under our masthead and, as suggested, is definitely the policy of our paper: as regards education in this province.

Para. 2: Speaking to this particular letter, we do not accept expert criticism. We admit we are not quite in that class; we merely reprinted from a daily newspaper what in our opinion was a very fine coverage of the present educational setup in Alberta.

Still dealing with para. 2 (that "para." is my misguided idea of an abbreviation, in case some of the grade 1 students don't understand), we have been asked, or should we say challenged, to appear on June 22 at the Didsbury school to begin writing the various examinations mentioned above in grade 9. At this point the suggestion is made that if we value our ability too much for this grade we could stick out our chest and try for the grade 12 subjects mentioned.

Para. 3: It's now a betting game (or could you call it a game?).

Para. 4: It's still a game, but the price is right.

Para. 5: We doubt very much if the scientific test mentioned would be of any benefit to either editors or school authorities.

Para. 6: This, we believe, is the most infantile note in the above epistle (or that the right word?).

The \$5.00 mentioned for printing this letter, if paid, will be donated to the Lions Club playground project. We do not mean to try and get \$100.00, we couldn't make it under the present mixed up system that prevails in our schools today.

Last para: We have been called what have we got? We have a grade eleven education that has served us well (given under a different regime of course). We have been able to make our way around the world, and across the ocean, found that the Three R's mean something, even in a foreign language. Five years in the air will educate a person in many ways.

The writer mentions that he is not

Baby's crib can now go into the diaper bag or mother's large handbag, reports The Financial Post. It's plastic, blocks up to 38 in. long, 20 in. wide, eight in. high. Soft rails of plastic inflate till firm enough to fence pre-crawly babies. Crib floor is also plastic; protects beds, upholstery from wetting.

A subscriber to our paper, but he must read it! He is also interested to note that we have not seen any reply written to "Paulibus" regarding "The Three R's". Maybe the original author might care to take up the challenge of \$50 or \$100 if it were offered.

We have spoken to former students, even teachers, and their opinion (in the majority) has been that they doubt very much if they could come even close to making a good average under the present system.

Our own experience is that the students we have been in close contact with during the past few years are sadly lacking in "The Three R's".

We might mention that our columns are open to comment on either side of the above question.

### Bob Edwards' Calgary Eyeopener

(High River Times)

In the High River Eye Opener of May 13, 1903, Bob Edwards reminisces about the scene about him, adds a fashion note on Mrs. Guzzel-Buster's soiree; questions the big pickings gleaned by the Grand Old Party when on a mission to the West; and induces readers to "the thriving town of Hootch, and describes in careful detail the lamented death of J. B. Clancy who passed away with great suddenness at Fort Saskatchewan.

May 13, 1903  
Women have a clever way of saying things which a man can never hope to equal.

It isn't always safe to keep knocking merely because the victim doesn't strike back.

What's more fun than Winnipeg and Hootch combined? It merely feels that way.

An elderly farmer drove into Edgerton one day and telephoned his team to the telegraph post. "Here," exclaimed the burly policeman, "you can't hitch there!" "Why can't I?" shouted the grumpy farmer.

"Because you got the sign that says 'Fine for hitching'."

We have not been in Edmonton for some time but by all accounts it hasn't altered much. A man died there a long time ago and passed to another world. He was one day strolling round looking like a stranger when another Edmontonian accosted him, saying: "Hello old chap, how are you?" "Not 'Bally,' tell you heaven is much better than Edmonton." "Heaven!" exclaimed the older resident. "Why the 't' isn't heaven."

Mr. Guzzel-Buster Entertains

Mrs. Guzzel-Buster, the charming chanteuse of one of our suburban houses, gave a delightful dance last night for a week or a few days. While executing a form of minuet at the top of the stairs, gyrating rapidly and yelling a high pitch, Mr. Guzzel-Buster fell sprawling to the bottom of the stairs and nearly broke her neck. The guests laughed heartily at this amusing episode. This was one of the gayest affairs of the season, and reflected great credit on the Scotch.

The Grand Old Party Tour

A group of members of the Royal Opposition accompanied Borden on their grand tour of the West in 1902. They visited Calgary and other places, helping for the Grand Old Party. They say that during their stay in the West they got exclusive information from Dan Mann about the R. R. route from Winnipeg to Edmonton and that he was able to speculate on good things. Then they got very good terms from Sir Thomas Shaughnessy, in fact a reduction of \$1.50 an acre on a purchase of 200,000 acres. The officials and spectators of the Union Trust Co. whom they allowed in on the deal, cleaned up \$300,000. Why did Dan Mann put those Conservatives next to the secret of the firms' private maps and why did Shaughnessy favor them with reductions such as no bonds were settled are ever given?

The Little Cleric

Some time ago a friend requested us to run a story on the death of his uncle who had just been hanged in the jail at Fort Saskatchewan for a atrocious murder. Our friends wanted us to write the death notice in such a way that relatives in Ireland would not know that the poor devil had been hanged in the Canadian west. So this is the story as we fixed it up in the Eye Opener—it was later reproduced in the British press.

"It is with sincere regret that we learn of the untimely death of James B. Clancy who passed away suddenly at Fort Saskatchewan. That man was in good health, his death was not unlooked for. Many of his friends had for years predicted that he would drop dead some day in much the same manner as eventually occurred. Indeed, one good judge gave him two months to live."

"Up until the moment of Mr. Clancy's taking off, he enjoyed the best of health. That very morning he had partaken of a hearty breakfast of ham and eggs and had then taken a leading part in an interesting procession, and while standing on a raised platform from which he had just delivered his address to a gathering people on the basis of temperance, a portion of the flooring suddenly gave way. Mr. Clancy was precipitated into a hole beneath the floor. In this hole, so far as my neck was injured in the fall, and his recovery was pronounced hopeless by a physician who happened to be present."

The funeral was a quiet one, a wreath of immortelles from the laundry, a small boarding house became the legend. "Gloria, Bless Ireland" was placed on the coffin as he was lowered to his last resting place. In the midst of life we are in death. (Belfast papers please copy.)

(From Our Own Correspondent)

We have missed the last two weeks, but will try to make up for it this time. There is quite a bit of activity on the grounds at present. A number of men from the church are busy building rest rooms for the camp grounds. Camp meeting will soon be here, and Rev. H. A. Traub is anxious that all preparations shall be finished before the opening day. Conference will convene before the Camp Meeting on July 4 this year. The people of the town are urged to attend this great meeting, for the speakers will be worthwhile year as in former years.

Mrs. Louis Suder and Miss Mary Walsh left Monday evening to begin their European tour that they have planned. They are joining the Weston College Tour to Palestine. From there they plan to visit Italy, Germany and other parts of Europe. They left Calgary on the new Canadian train.

Rev. and Mrs. Taylor visited their Alma Mater, Seattle Pacific College for the commencement exercises on their way to Roy, Washington. Mr. and Mrs. Taylor have been having good meetings and many friends make them feel at home. They will start back home this week expecting to be in Didsbury a few days the end of this week.

Mr. and Mrs. Lusk are engaged in special services in the McDougal United Missionary Church. They will close the services this coming Sunday. We regret that Mr. Lusk has decided to leave Canada at this time and will return to Indiana to take up work there. We are sure that all who know this will feel the school is losing a valuable teacher. We expect to have the vacant faculty shortly.

Mr. Whinmark is still on the side list in his home in Lima, Ohio. We do hope that he will be able to return for the Camp Meeting to take up the directing of the music for the camp, and later to accompany Mr.

Mr. and Mrs. Arthur Eby who accompanied Ira Stauffer's to Ontario are now on their way home again. They have had an enjoyable vacation, this being the first time they have ever been to Ontario. Mr. and Mrs. Suder and Dorothy Stauffer have been entertaining these parents and Aunt and Uncle for a couple of weeks.

Mrs. Lusk is expecting her parents for a visit toward the end of the month. Mr. and Mrs. Krocker are from Indiana, but this is their first visit west.

Mrs. Suder, Marion Eby and Miss Gladys Eby of the campus were guests for tea along with others at the home of Mrs. Walter Reimer Friday afternoon. It was a most enjoyable occasion.

A couple of wedding receptions were held in the coldest dining room in the city.

The first occasion was that of the Fuchs-Neufeld wedding, and the second the McEwen-Rennie wedding. The decorations were beautiful, the work of Mrs. Neufeld.

## Letter To The Editor

Editor of the Pioneer,  
Dear Sir:

I believe the people of Didsbury entitled to a better deal than they have been getting out of the political hash that has been going around and about their heads these last few days. The strange milk-shake of old line parties and CCF that we find smuggling up to each other in this riding makes strange reading when we view their loud opinions of each other in other parts of Canada. But nothing new has been added and even taken all together they are not very impressive and we'll just let them go their own way rejoicing.

I would like to deal, though, with a party who signs himself or herself "Independent". Now, Sir, please me more than to discuss the philosophy of Social Credit with a mystery at any time who is TRULY interested in our great movement. However, in this case I am highly suspicious of the motive. He has addressed a list of questions to Mr. Owens from a man employed in the kindergarten days of Social Credit which also has the answers included. To him I would suggest that if that is as far as he progressed in his studies of Social Credit in twenty years it is better give up.

We couldn't use him anyway he's much too slow and the old position would make a monkey of him in short order. However, if he should happen to be wrong, and "Interested" is really interested, then we don't have to discuss this matter through the pages of a newspaper. We can clear up his little problems in a personal chat. I live on the NW of 2, township 30, Range 3 west of the 5th, and if the conference lasts all day I'll feed the gentleman.

Last of all I feel that I should attempt to get acquainted with the mayor of Didsbury. When a man goes around in the hot sun disliking so many things it is extremely hard on his digestion. However, the mayor does sign himself and thus far he has not dropped down into the mud and for that reason I think he should have consideration.

Obviously he is using his high office as mayor to try and influence the government. I am sure Mr. J. W. Owens, the Social Credit Candidate, will be his right to do that, if he so desires, and I shall not quarrel with him over that trifle. Actually, though, he has shown a remarkable tendency to be against things and I wish to suggest to you certain other things the Manning Government has done which he doubtless disapproves of too. Again say, "O Perfect Love." Mr. and Mrs. Ernie Neufeld sang "He Loves Us More Than to Me" Rev. Peter Dyck gave the toast to the bride to which the groom fittingly replied.

The bride's going-away outfit was a powder blue suit with white accessories. After a short honeymoon in Banff the couple will make their home in Edmonton.

years ago.

Thanking you, Mr. Editor, for the space you have allotted me. I remain,

Yours sincerely,  
W. B. Owens

## WEDDING JAZZ

### FOX — NEUFELD

A lovely wedding was solemnized in the First Missionary Church on June 8, Rev. R. Shantz when Miss Lois Eleanor Neufeld of Didsbury and Albert Fox son of Mr. and Mrs. J. Fox of Yaluk, B.C. were united in marriage.

The bride entered the church on the arm of her father to the strains of the wedding march played by Miss Helen Swahn.

The bride was attired in floor length white nylon lace in princess style with net flounce and bodice, both gathered with pearls. The gown was topped with a lace bolero, with lily point sleeves. She wore a fingertip veil held in place with matching pearl studded jewel clip.

Her only jewelry was a 2 strand pearl necklace gift of the season. She carried sweetheart roses on a white Bible.

The bridesmaid, Miss Myrna Hogerson of Edmonton was dressed in sashlerina length, blue ruffled net and lace over rayon taffeta with matching bolero. She wore a net bandana and lace mitts and carried white carnations.

The bride's sister, Mrs. George Wall wore a beige suit with beige accessories and a corsage of red roses.

Worshipful guests included at the altar the bride's brother Amos, singing "Wedding Prayer" and also sang during the signing of the register.

Following the ceremony a reception was held in the beautifully decorated dining room of the Mountain View Bible College. The bridal tub was centered by a lovely three-tiered wedding cake.

Neil Neufeld acted as master of ceremonies.

During the reception Amos again sang, "O Perfect Love." Mr. and Mrs. Ernie Neufeld sang, "He Loves Us More Than to Me" Rev. Peter Dyck gave the toast to the bride to which the groom fittingly replied.

The bride's going-away outfit was a powder blue suit with white accessories. After a short honeymoon in Banff the couple will make their home in Edmonton.

## To the Electors of The DIDSBURY CONSTITUENCY

Ben Brown

You, the Electors, are the judge and jury; face up to your responsibilities. This right and privilege we possess, to expel a corrupt and inefficient Government by the ballot, did not come to us by chance. Use it and protect it.

If through our indifference by not going to the polls, or by not considering the evidence before us, or by not having the judgment and courage to convict, we give the Social Credit Government a further mandate, there can be only one result—further malpractice on a larger scale.

Just to put one party out of office and another in does not, in itself, guarantee that the evils of the former Government have been permanently corrected. I am contesting this election as a Coalition Candidate and as such feel it my duty to

last week, under the heading "We do not need an opposition in Edmonton," (Mr. Manning in the Red Deer by-election) I tried to tell you what I thought were the basic reasons why the Social Credit Government at Edmonton must eventually get into serious trouble. Mr. Manning's attitude made it inevitable. It has come to pass and what a complete job they have done.

It will, no doubt, be many months before we have a complete line on the irregular practices of the Social Credit Government but certainly enough evidence, of which you are all aware, has been uncovered to condemn them in the eyes of every thinking and honest man. It is only very seldom that a complete list of the criminal's activities comes before the court, but he is tried and convicted on the proven evidence at hand.

support a plank, which I approve, from the platform of any of the parties in opposition to the Social Credit Government.

The Liberal party has a plank that a bill be passed to set up a new Public Accounts Committee. This committee will sit every year, not three times in twenty years as under the Social Credit Government. It will be composed of seven men, three from the ranks of the Government, three from the opposition, and the chairman shall be from the opposition. That, to my mind, is the most sensible proposal I have ever heard to guarantee that a Government will be kept efficient and honest, and if elected I shall do my utmost to see that it is implemented.

## Letter To The Editor

Editor of the Pioneer,  
Dear Sir:

I am not happy to read the accusation of falsehood brought against me by Prem. E. C. Manning and of that also of Charles R. Manning. I have never been accused by my brethren, or by any one else of falsehood until the following letter was received:

From: Charles R. Manning  
Feltmuth, Nova Scotia  
April 9th, 1955

To: Rev. H. G. Smith

10629 — 69 Ave.

Edmonton, Alberta

Dear Mr. Smith:

In your letter of last month you stated in effect that neither Prem. Manning nor his predecessor, the late Wm. Aberhart, believed in or supported the British and Foreign Bible Society. "and then about back to the Bible." I did not think this statement was accurate. May I direct to obtain his view on the matter without mentioning your name. Here is a paragraph quotation from his reply recently received:

"I can assure you without reservation that this charge is one hundred per cent false. I have always felt that the British and Foreign Bible Society is doing a wonderful work in spreading the Bible throughout the world and Mr. Aberhart held the same view. I am completed as to how many any man could make such a wholly false charge as that of the critic to whom you refer."

Now that this charge of yours has been proved false, naturally have no faith in the various other accusations which you have made against Manning and his BACK TO THE BIBLE PROGRAM."

Yours truly,  
C. R. Manning

I was ordained in Red Deer by the Methodist Church in 1910. I have continued to serve in the church, and to support it financially, for 45 years. I have usually acted as secretary for the local branch of that Society, have opened church doors for its work and driven provincial secretaries around my charge year after year. I have kept a record of the Annual reports for the province and I know the name of Wm. Aberhart or of E. C. Manning has never appeared in a single report, not one dollar, up to the time of my receiving a few years ago.

On receiving the above letter I contacted Mr. Manning with whom I had labored in past years, and together we can safely make the following statement, covering 45 years, from 1913 to 1948, of which time we know the facts and figures. During those 32 years the Society in its annual reports, gave the name of all contributors of one dollar and upward, and in these reports I find neither Wm. Aberhart or E. C. Manning given as a contributor. Only ONCE during that time did an official of the Society have an opportunity to speak on behalf of the Society in the Calgary Proprietary Bible Institute, and that as Mr. Aberhart demanded, for only ten minutes. That was on the occasion of the General Secretary's "Dr. Arbour" visit to Calgary. After he left, we were informed by reliable friends, Mr. Aberhart took exception to Dr. Arbour's remarks.

I challenge Mr. Manning to prove to me to be "one hundred per cent false" in my statements or to show where either he or Mr. Aberhart has contributed to, or had shown the least interest in the work of the Society at any time during the years of which we have knowledge. Mr. Manning "FELT" interested to state to his namesake in the east whom he so easily convinced is most ambiguous, non-committal and meaningless, and so side-steps the real issue. It is not what he "felt" I know nothing of and am not interested in his feelings. I do know the records of the past.

I have never found fault with the "program" but only with Mr. Manning's misleading public utterance against the organized Church, its ministry and institutions and his unsound Bible prophecies.

I do hope and pray that Mr. Manning's example and influence will not be followed or in any way embarrass the loyal contributors to the Bible Society. Let us remember that the gospel is spread by God in "a thousand tongues" through the Written Word to earth's teeming millions who now dwell in spiritual darkness.

## WEDDING

HAVLIK — JANS

A very lovely wedding was solemnized in the United Church on June 11, when Frank Havlik, second youngest daughter of Mr. and Mrs. E. Jane of Didsbury became the bride of John Fredrick, youngest son of Mrs. Havlik and the late Mr. Havlik of Chaton, Alta.

The ceremony was performed by Rev. E. B. Fox before the alter decorated with spring flowers and ferns. Mrs. E. B. Fox played the wedding music.

The bride arrived in marriage by her father who was gowned in white satin lace and net featuring a 3/4 length torso, decorated with daisies and sequins. Her long embroidered veil was held in place by a close fitting hat of daisies and sequins. She carried a cascade bouquet of red roses.

The brides attendants, Alvina Jans, maid-of-honor, Margaret Havlik sister of the groom, Mrs. J. Mitten, and Bertha Jans sisters of the bride, were bridesmaids.

The four ladies were dressed in similar gowns of taffeta and net in colors of lilac, blue, green and pink. They each wore a rose in their hair and carried bouquets of carnations.

The groom was attended by Frank Mitten and Ted Havlik brother of the bride, and Alfred Jans and Mr. J. Mitten acting as ushers.

During the signing of the register, Pat Remond and Wanda Neufeld sang "The Wedding Prayer" accompanied by Mrs. Fox at the pip organ.

Mrs. Jans wore an afternoon dress of navy with a grey hat and wore a corsage of red roses.

Mrs. Havlik wore an afternoon dress of blue trimmed with white and white accessories and wore a corsage of red roses.

A reception followed in the church basement which was decorated with white lilac, green, blue and pink streamers and candles.

The bride's table was centred with a beautiful four tiered wedding cake flanked by white flower arrangements.

Fifteen guests sat down to a meal served by Marvelema Rodney, head-waitress and her helpers, Marilyn Umbach, Gwen Brado, Marjorie Sheldens, Marlene Miller, Betty and Dorothy Reinhardt.

After traveling the bride wore white and black short coat with black and white accessories.

Upon their return Mr. and Mrs. J. Havlik will make their home in Didsbury.

Out of town guests were from Chaton, Wetaskiwin, Edmonton, Torrington, Edson and Sask.

SERVICE  
BOARD  
NOTES  
By  
W. K. SNYDER  
Agricultural  
Service Board

KILL THOSE DANDELIONS: This is the time of year when dandelions are a real nuisance, in pasture, hayland, lawns etc.

They are not on the noxious weeds list, but, nevertheless, should be considered a weed. The very density of their population will soon crowd out other desirable plant life and steps should be taken to control or eliminate dandelions. There is an easy, simple, inexpensive way to do this with the Lo Voltage 2-4-D M.C.P. For lawns where there are flowers or shrubs in the vicinity make very sure that no spray comes in contact with them by setting up cardboard or covering with newspapers. Make sure that the Lo Voltage 2-4-D that you use. There is very little fume drift if any from that type of 2-4-D. Don't use ordinary 2-4-D as fume drift will most likely damage or kill nearby flowers and shrubs.

Dandelions are persistent and takes a stiff shot to knock them out so govern yourself accordingly when preparing the mixture.

Plan to use around 10 oz. acid per acre in pasture land if a fumigant is included in your crop don't use 2-4-D. It is difficult here to give you definite instructions on preparing a mixture to use on the lawn. Commercial preparations for sale by hardware and drug stores vary considerably in acid content, hence the difficulty in giving definite directions. The best advice I can give is this: If you have a dandelion problem on your lawn contact us by phone personally and we will tell you what to use, where you can buy the chemical and how to mix it to give you good results.

#### NAME THE ANTE

"Yes, I cut them," was the stern reply.

"All right," said the boarder. "I'll deal."

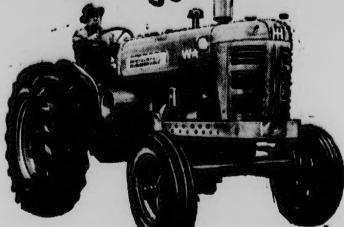

#### WHO WILL SUCCEED ST. LAURENT

#### Security Is Very Nice . . .

The entire trend of life has changed within the span of our lifetime. We have social services and social security, and for the most part we are in complete accord with every advance that has been made. No one political party can lay claim to the entire program. It is a bit of irony that the Labor Party is Britain which jumped the gun and won an immediate post-war election upon a program of social security that had been designed by the defeated Conservatives. That there are many abuses, no one can or will deny. The security of old age is open to both the spendthrift and the frugal. We are particularly partial to the security provided for the aged. It removes them from the family circle of uncharitable charity. It looks like our hospital plans and the plan for old age services. None of these things can be provided free. The cost has to come from some source. There are many people who fail to contribute their just share towards these services, but it was ever thus. But of late we have been pondering over the duplication of social security plans. The labor unions demand and get return to programs while at the same time the federal and provincial governments provide for old age pensions. Can our agricultural production carry too heavy a social security load? Is it good for the people to have so much security at the end of the trail? Does ambition and industry suffer and become dormant or stifled? There is a danger in upholstering the pathway of life too well. Most great achievements have been made from the pathway of necessity.

## DISTRICT NEWS

### Letter To The Editor

Dear Sir:

On June 10th last the ladies of Zella put on a re-union and supper for the old-timers of the district. It was an enjoyable event and much appreciated by all. There was a feeling of sadness at what they saw.

Some of the early settlers who came from a distance were shocked by the unnecessary destruction of the fine row of spruce shade trees which they had helped to prepare the ground for and plant about thirty-five years ago and which had prospered well. What a pity it is to see such a loss.

Now let me add that as they were ruthlessly cut down, an eyerore and as reminder to all of the mentality of those responsible for this act of vandalism. This was the work or at the instigation of the West Didsbury Electrification unit, who have nothing to be proud of.

This is not an isolated case, this outfit's total disregard of the rights of others as a drive along the road to the new townsite line. I hope this district will show by the meetings held by them, after slashing along the fence lines and left presumably the farmer to clean up.

Let me remind them there are still some of these farmers who are not unduly impressed by the importance of the West Didsbury Electrification and who expect now the needed is done that they get a good clean up the mess they have left.

Thank you, Mr. Editor;  
Yours truly,

### W.M.S. MEMBERS ATTEND CONVENTION IN CALGARY

The annual Women's Missionary Society convention of the United Missionary Church of the Canadian Northwest Conference was held in Calgary Parkdale United Missionary Church June 8 and 9. Pastors of the church are Rev. and Mrs. C. J. Hallman.

There was a good representation from the two Didsbury societies as well as members from nearly all of the 20 member United Conferences. Reports given from each society showed an increasing numerically and financially. The treasurer's report showed over \$8,000.00 raised for all purposes, \$5,000.00 of this amount for the projects of the Women's Missionary Societies of the church as a whole.

Guest speakers at the convention were Miss Ethel Young and Rev. and Mrs. Virgil Pollock. Miss Young is from Egypt; the Pollocks are from Africa.

The highlight of the convention was the report from the director, Mrs. Lydia Suder. She had just returned from the Inter-Conference Council of W.M.S. which was held in Goshen, Indiana. The projects set forth for the W.M.S. for the coming year are as follows:

Proceeds from the sale of 20 missionaries, returning of supplies for the hospital in Africa; purchase of fuel for 23 refrigerators; \$2,000.00 for the building of a new ward for the training school at the hospital in Africa; and the building of a parsonage in the new work which the church is opening this year in Brazil. This makes a total of nearly \$35,500.00 to be raised this coming year.

The United Missionary Church now has 100 missionaries serving in nine foreign countries; one missionary to every 95 members of the church. It is interesting to note that of this 100 missionaries, fifteen are from the Canadian Northwest Conference.

Virgil and Betty Pollock represented the W.M.S. members on behalf of the missions in Africa for their summer vacation.

It is said that everywhere they went on their compound they were reminded of the women at home in the dispensaries, schools, in their homes and especially when they go to the drug store for a nice cold drink of water.

Officers elected for the coming year are as follows: president, Mrs. Lydia Suder; vice-president, Mrs. Harvey Burgess; secretary-treasurer, Mrs. Harold Oke; corresponding secretary, Mrs. Harry Shantz.

Assisting Mrs. Hallman in the entertaining of the 75 delegates and friends, were the ladies from the other two United Missionary churches in Calgary, namely Montgomery and Rossoscarok.

### A SAD ACCIDENT

Every now and again one hears of an accident which makes tears come to his eyes. One of these occurred early this week in the Cardston district. An 11-year-old boy was killed and his sister, 8, was critically injured when a tractor they were riding overturned and pinned them beneath. Following the accident the little girl, suffering head injuries freed herself and crawled a half mile towards home. She was later found unconscious on the road.

turned to their seats.
